

Slide Transfer Bather System

Rolls over commode for toileting

Center in tub by rolling over commode

Slide transfer into tub area

Unit shown with optional Grip Material on the foot rest

The standard Slide Transfer Bather System will eliminate costly 'roll-in' shower renovations and dangerous bathroom transfers in a wet environment. The Slide Transfer Bather works with any standard bathtub and rolls over any commode. The Slide Transfer Bather has two swing away arms for lateral transfers, tension adjustable backrest, seat belt, slide out footrest, open front waterfall integral skinfoam seat, and 5" total lock casters.
